

The survey questionnaire gathers data which are excessively disproportionate to the purpose of the research. The following items should be removed from the questionnaire:

- (1) Annual household income;
- (2) Educational attainment.

It is suggested that the thesis adviser also determine which items in the questionnaire are not necessary or excessive for the purpose of the research.

It is also suggested that the researcher execute the **Non-Disclosure Warranty** attached to this Memorandum.

Yours,

Elson B. Manahan
